A new eatery will open soon in Innovation Quarter.

Barcelona Burger & Beer Garden has plans to open at Bailey South in downtown Winston-Salem, at the corner of Patterson Avenue and Fourth Street.

Alston Team of Front Street Capital, developer of Bailey South, said the street-level restaurant will be 4,384 square feet. He said the restaurant was handling the upfit, and he wasn't sure about their timetable for opening.

Michael Bay, who founded and owns a Barcelona Burger in Mooresville, opened the first at Mooresville's Merino Mill, which he also owns and has renovated, and also owns Alino Pizzeria at the mill.

Bay could not be reached by TBJ on Friday afternoon.
